Bound Brook, NJ

Summary

Full-stack web developer with expertise in React and Nextjs, delivering high-performance web applications. Proficient in developing custom websites using HTML, CSS, JavaScript, and jQuery and integrating them into backend APIs to make seamless and user-friendly web applications. Adept in leveraging frameworks such as WordPress, Sanity.io, and PayloadCMS. to build dynamic, content-driven websites. Certified full-stack web developer ready to contribute to building innovative, scalable solutions as a full-stack web developer.

Experience

Web Developer

Freelance Web Developer • Bound Brook, NJ   03/2023 - Present

- Developed a wide range of client applications using React, Next.js, Node.js, and Express.js.
- Built and deployed scalable web solutions, managing DevOps tasks, including deployments on Heroku, Vercel, and configuration of GitHub repositories.
- Worked with vanilla PHP to integrate with WordPress, customizing themes and plugins to optimize performance and client satisfaction.
- Led frontend development using React and Next.js, creating responsive and accessible interfaces.
- Collaborated with clients and cross-functional teams to deliver projects on time and within budget.
- Enhanced client satisfaction through consistent communication and high-quality code delivery.
- Focused on expanding skills in TypeScript, Next.js, and web accessibility to improve future project outcomes.

Web Developer

Ascent Digital Media • Bloomsbury, NJ   10/2023 - 05/2024

- Developed custom websites using HTML, CSS, JavaScript, and jQuery to align with client brand standards.
- Integrated front-end solutions with backend APIs to create fully functional, user-friendly web applications.
- Worked on full-stack web development projects, leveraging technologies such as Laravel and WordPress for dynamic, content-driven websites.
- Improved site performance by implementing responsive web design and optimizing code for SEO and accessibility.
- Led the redesign of several websites, improving user experience, engagement, and conversion rates.

Education

Full Stack Coding

Rutgers, The State University of New Jersey • New Brunswick, NJ   05/2023

- Received a Full Stack Coding Bootcamp Certificate: https://docs.credentials.rutgers.edu/196484e4-b438-4af3-abf3-5ebb754ae855#acc.kPKeFaEI
- Led development on multiple full-stack web applications using Git, GitHub, Slack, and other tools to coordinate and communicate with my team, ultimately deploying them to Heroku.
